Subject: RE: West Lake Landfill Site Update

LaTonya,

I will attend, as will others from the Health Department, as our schedules allow. At this time, I'm unsure whether the Health Department has any updates to provide regarding West Lake since our recent focus has been on the Bridgeton Landfill, West Lake's non-Superfund neighbor. We are curious about EPA's status on the 'revisitation' of West Lake's ROD.

If you would please channel future communications to me, I'll make sure that the appropriate Health Department personnel are informed.

Thank you for the opportunity to participate.

Mike
